

SOUTHWEST WOODCARVERS ASSOCIATION

June 2026

UPCOMING EVENTS

SUMMERTIME MEETINGS

Our summertime meetings don't normally bring to many carvers in. The snowbirds have flown back to cooler weather and the rest of us may not brave the heat as much. We did have a good turnout this month though. With that in mind it would be great if anyone wants to share their talent by holding a class or two during the summer. Just let Gene or Brad know what/when and they will be sure to set it up.

RAFFLE

With a small turn out was a small raffle.

Clarence to a gouge, and someone picked up a roughout.

SELLING YOUR PRODUCTS

The club has a few people who do sell their carvings. Kent has found a place for consignment selling. As a vendor you simply decide what size shelf you would like to display your items on. The store is opening July 18th. For more information about this one please contact Kent.
